[The Ultimate Do It Yourself Ebike Guide: Learn How To Build Your Own Electric Bicycle Micah Toll](#)

Hey Micah, I wish I had put together an ebike years ago! I actually read your site for weeks trying to decide if I should get your ebook, and now I'm so happy I finally did! My boyfriend is a cyclist but I could never keep up. Now we can go out for rides together and I never get tired...

I probably could have converted my ebike by myself, but my boyfriend insisted on helping. He enjoyed it so much that now he's considering making an ebike for him too!

Your ebook was really easy to follow and super helpful. Also it had the perfect amount of humor! :-)
Great work!

Amber, Miami, FL
